## A320 TRI/SFI COURSE

### ABOUT PICO TRTO

---

PICO TRTO was formed by a group of experienced professional pilots (Captains, Type Rating Instructors, and Type Rating Examiners) with the goal of training pilots to proficiency by sharing the best practices and exceeding industry standards.

This is the reason why PICO TRTO performs all training sessions on the full flight simulator giving you the highest full flight simulator time in the industry.

### TRI/SFI COURSE DESCRIPTION

---

The TRI/SFI course consists of theoretical knowledge instructions and 6 FFS sessions (the last FFS session is skill test session). During the 5 FFS sessions you will:

- Act as PF/PNF.
- Observe the conduct of training session on the A320 type rating course.
- Conduct briefings/debriefings.
- Conduct the FFS training under supervision with trainees on the A320 type rating course.

## A320 TRI/SFI COURSE

### PRE-ENTRY REQUIREMENTS – TYPE RATING INSTRUCTOR

- An applicant for an instructor certificate shall be at least 18 years of age.
- Hold or have held a CPL, MPL or ATPL in the appropriate aircraft category.
- Completed at least 1500 hours flight time as a pilot of multi-pilot aeroplanes.
- Have completed, within the 12 months preceding the date of application, 30 route sectors, including take-offs and landings, as PIC or co-pilot on the applicable aeroplane type, of which 15 sectors may be completed in an FFS representing that type.

### PRE-ENTRY REQUIREMENTS – SYNTHETIC FLIGHT INSTRUCTOR

- An applicant for an instructor certificate shall be at least 18 years of age.
- Hold or have held a CPL, MPL or ATPL in the appropriate aircraft category.
- Have completed the proficiency check for the issue of the specific aircraft type rating in an FFS representing the applicable type, within the 12 months preceding the application.
- Have at least 1500 hours flight time as a pilot of multi-pilot aeroplanes.
- Have completed, as a pilot or as an observer, within the 12 months preceding the application, at least:
  - 3 route sectors on the flight deck of the applicable aircraft type.
  - or
  - 2 line-orientated flight training-based simulator sessions conducted by qualified flight crew on the flight deck of the applicable type. These simulator sessions shall include 2 flights of at least 2 hours each between 2 different aerodromes, and the associated pre-flight planning and de-briefing.

### COURSE COMPRISES

Training Device/Phase	Time
<b>A. Teaching And Learning Phase (Note 1&amp;2)</b>	5 days
Instructor led teaching and learning course	25:00
<b>B. Technical Training Phase (integrated with phase C)</b>	/
Instructor led technical knowledge review, development of instructional skills, preparation of lesson plans and development of instructional skills	10:00
<b>C. Flight Training Phase</b>	5 days
5 FFS sessions: 5 x 4 hours	20:00
<b>D. Skill Test Phase</b>	1 day
1 FFS session: 1 x 4 hours	04:00
<b>Total FFS Time (C+D):</b>	<b>24:00</b>
<b>E. Assessment Of Competence</b>	1 day
Aircraft flight	1 route sector

**Note 1:** Set of manuals and study material included.

**Note 2:** Applicants holding or having held an instructor certificate shall be fully credited towards the requirement of teaching and learning phase.

### COURSE DURATION

Approx. course duration: 12 days (including teaching and learning phase and excluding assessment of competence).
